Summit-Questa
Montessori School
Pre-Enrollment Terms and Conditions

Dear Parents of Student Applicants:

Now that you have filled out your student's application form and paid your application fee, you are ready to begin the **pre-enrollment procedures** listed below:

1. Schedule a *visitation* for your child (not applicable for Early Childhood students).
2. Take the *Confidential Recommendation Form* (available from Summit-Questa) to your child's last school. The school, not the parents, must return this form.
3. Sign the *Request for Records* form (due upon acceptance).
4. Copy of Parents and/or Guardian Driver's License must be on file and a copy of your Student's Birth Certificate must be submitted to Admissions before the student visitation.
5. Submit your student's last two report cards, last standardized testing, any student educational, physical, behavioral and/or emotional evaluations and any other pertinent student information to the Admissions Office.
6. Once the classroom visitation is completed, student records have been received, and the recommendation forms are returned, our admissions committee will determine acceptance.
7. Feel free to contact the Admissions office at 954-584-3466 or email miskathy@summitquesta.com to check on enrollment availability for your child/children once you have completed the application process along with items 1 to 6 above.

The collection of data is for admission purposes only; the screening procedures are not diagnostic nor I.Q. based. They will not be forwarded to any other school. All information will remain confidential.

Please remember Summit-Questa Montessori School's program is not designed for children who have specific difficulties i.e. learning difficulties, medical needs, emotional needs, emotional issues or psychological problems, nor are our teachers trained in these areas. For this reason, we are not always able to meet the needs of every child.

At times parents have not informed the school of specific issues their child may have or the true depth of the child's learning disabilities or emotional/psychological problems. Our goal is to help any child we are able to successfully help. However, the Montessori Program is not always suited for every student. **For this reason, any student who has not had previous Montessori experience, but who we feel would be a good candidate for our Montessori learning environment will be enrolled on a "PROBATIONAL BASIS".** If the student is not meeting his or her academic level and still cannot function independently in the classroom after the initial transition period or if it is decided upon registration that more student support is needed then the student must enter our support system i.e. a shadow, tutor and/or specialist.

If during this time period, the teachers and administration feel that this is not the best learning environment for your student, we will begin the withdrawal process. Please see Ms. Kathy to sign the proper documents.

Upon enrollment:

1. Complete the appropriate registration and enrollment forms. (Available from the Admissions Office.)
2. Submit completed up-to-date health forms from your child's doctor for the school.
3. Become familiar with the school's philosophy by attending a Montessori lecture appropriate to the age of the child.

By signing below, you are acknowledging and agreeing to our *Pre-Enrollment Terms and Conditions*.

Student's Name: _____

Parent's Name (print): _____

Summit-Questa Montessori School Student Support System

Our Montessori philosophy is to enroll students whose needs we can meet. Our program is not designed for children who have certain learning difficulties. Sometimes it is difficult for a student to adjust immediately into a new school environment. In some cases, it can take a student up to four to six weeks to perform academically to where he or she should be. If the student is not meeting his or her academic level and still cannot function independently in the classroom after the initial transaction period or if it is decided upon registration that more student support is needed, then the following procedures will be required. Students will be entered into our student support system which may include one or more of the following interventions. However, if a student enters our program with an IEP, or a diagnosed learning disability, then the Student Support Program and/or tutoring will be required.

- Parents/Guardians agree to further testing for assessment to determine what the parents and the staff can do to help the student.
- Based on the results of the assessment test and the student’s performance in the classroom, the parents agree to in-house tutoring. Parents assume the financial responsibility for the tutoring. (Tutoring is not included in the tuition.)
- If staying on task is an issue for the student, the student may require more one-on-one intervention, a low-ratio study period, after school tutorials, or a shadow. Parents agree to assume the financial responsibility for this intervention and/or shadow. These programs are not included in the tuition with the exception of 15 free after school tutorial classes per year in upper and middle school. If you attend more than 15 classes, you will be charged \$22 per additional tutorial class. Tutorials will be available and the classroom teachers will determine which students need to be in each class.
- If none of the above procedures work, parents and teachers may come to the conclusion that our Montessori environment is not beneficial for their student.

For students who are required upon registration to be enrolled in our Student Support System. The check mark indicates which program your child will be participating in.

- | | |
|--|--|
| • Permanent low- ratio independent study period (1 period per day) | <input type="checkbox"/> Additional Cost – rates vary by specialty |
| • Temporary Support (rate may vary depending on need) | <input type="checkbox"/> Additional Cost – rates vary by specialty |
| • After School Tutorials (after 15 free classes) | <input type="checkbox"/> Additional Cost - \$22 per tutorial |
| • Shadow | <input type="checkbox"/> Rates vary by specialty |
| • Specialist (ESE, etc.) | <input type="checkbox"/> Rates vary by specialty |
| • Private Tutoring | <input type="checkbox"/> During School \$37/hour; After School \$45/hour |
| • Semi-Private Tutoring(2 or 3 students) | <input type="checkbox"/> During School \$30/hour; After School \$35/hour |

Please be aware that even though your student is not required at this time to be enrolled in the student support program, the time may arise when your student may be required to participate in one of the programs above.

We (the parents or guardians of _____) agree to support and abide by the school’s philosophy and agree to follow the guidelines noted above.
