

SUMMIT-QUESTA MONTESSORI SCHOOL

Dear Parents:

Thank you for your interest in the Summit-Questa Montessori School. This brochure has information about our educational philosophy and academic program and an application for admission. Our application is also available on the school's website (www.summitquesta.com).

If you have not already done so, please consider making an appointment to visit our school. To ensure that you receive the full benefit of your observation time, we ask that you come without your child the first time. Prospective students will be invited to visit later on in the school year.

We are glad that you contacted us, and we hope your enthusiasm will grow as you get to know us better. If you have any questions, please feel free to contact us at (954) 584-3466.

Sincerely,

*Judy Dempsey
Principal*

About Summit-Questa Montessori School

Location:

Summit-Questa Montessori School is a Montessori community in Broward County offering a safe, nurturing environment in which children develop a lifelong love of learning. Summit-Questa Montessori School is located on a beautiful 10-acre campus in Davie, Florida, offering classes for young preschoolers through middle school. The campus is located at 5451 SW 64th Avenue, Davie, Florida — west of the Florida Turnpike, south of I-595 on Davie Road between Stirling Road and Griffin Road.

Our 10-acre campus provides a serene and peaceful setting for students, parents, teachers, butterflies, birds, and other small animals.

Objectives:

Summit-Questa Montessori School has specific objectives with your child in mind. Based on long-tested principles of learning, individualized lessons and teaching which supports positive progress, as well as current brain research, the program provides development in the following areas:

- Academic excellence
- Positive self-image
- Independence
- Inner discipline
- Moral development
- Respect for and love of learning and life
- Life skills

Montessori classes include children grouped by age as follows:

- 18-35 months;
- 3-6 years;
- 6-9 years;
- 9-12 years;
- 11-14 years.

Mission Statement:

Our mission is to provide an environment for all children to: express themselves, explore all areas of development, experience the joy of discovery and mastery, and have a sense of community belonging.

Our New Multi-Purpose Building Gymnasium Swimming Pool

New pools located just west of the new multi-purpose building.

Sports Fields for soccer, flag football, track, cross country.

Students enjoy indoor basketball, volleyball, tennis, and soccer. Our gym also provides a wonderful setting for music recitals, drama productions and school assemblies.

Our beautiful live pond which hosts a wide variety of wild life!

Philosophy

Montessori Community

In 1991, Summit-Questa Montessori School was founded by Judy Dempsey and has been a community of educators, children, parents and extended family committed to the Montessori philosophy. Dr. Maria Montessori, whose life work centered on the care and education of children, so eloquently said,

“Within the child lies the fate of the future.”

It is our goal to facilitate the child’s self-creation of the person he/she is to become.

Multi-Age Classrooms

Summit-Questa Montessori School serves young toddlers through middle school students, age 14. Our enriched, multi-age classrooms, led by fully certified Montessori teachers, chosen from the finest training programs across the country, provide the foundation for a lifelong love of learning. Such an environment supports children at different developmental stages allowing peers to learn from and with each other. Teachers and staff respect and support different learning styles, helping each child develop the academic and social skills that serve him/her best. As a result, children are happy, self-assured, and content learners. **Our program focuses on developing the whole person; therefore, our children experience a wide range of educational and real-life activities.**

Individually, and in small groups, students are encouraged to achieve their full potential through work and play, which allows for critical thinking, problem solving and positive peer interaction. Dr. Maria Montessori based her educational method on the direct observation that children learn best in a calm, interactive, comfortable environment filled with developmentally appropriate materials. Our classrooms are fully equipped with the highest quality Montessori materials available today. Such materials provide experiences that instill in children independence, self-motivation and accomplishment.

The feeling of accomplishment which comes from exploration, mastery, and doing for one’s self is a natural outgrowth of a Montessori environment.

Membership, Affiliations, & Accreditations

Recipient of the Broward County Gold Seal Award for excellence in Early Childhood Education from 1995 through 2002, as Summit Private School; and from 2003 through 2018 as Summit-Questa Montessori School. Summit-Questa Montessori School employs only certified Montessori head teachers, equips the classrooms with a full compliment of Montessori materials, and implements an “open door” policy for visitors.

Summit-Questa Montessori School is a full member of the American Montessori Society and is accredited by AISF (Association of Independent Schools of Florida), AdvancEd/SACS (Southern Association of Colleges & Schools), MSA (Middle States Association), Ai (Accreditation International), and NCPSA (National Council for Private School Accreditation).

Summit-Questa Montessori School is also the home to Summit Montessori Teacher Training Institute, an AMS affiliated, MACTE accredited Montessori teacher training center.

Classrooms

In keeping with Montessori's philosophy, our classrooms are specially prepared to:

- meet the needs of your child's development intellectually, physically, socially, and emotionally.
- foster independence, self-respect, and respect of others.
- stimulate and encourage your child to explore, discover, learn and grow.

Our 10-acre campus is used as a classroom to foster knowledge of, interaction with, and love of, nature.

Our teachers are:

- American Montessori Society or MACTE certified.
- skilled observers of the work of children.
- respectful of a child's individual learning style and pace.
- nurturing in the task as a directress or guide.

What is Montessori Education?

Montessori is a philosophy of education developed by Dr. Maria Montessori at the turn of the 20th century. Montessori education is designed to cultivate and support a child's natural desire to learn. Dr. Montessori believed that one is not "educated" by another person but educates oneself in the process of becoming a life-long learner. The certified Montessori teachers are present to guide students through this process.

In a Montessori classroom, children experience the excitement of learning through their own choice. They are guided in developing their natural capacities for learning, so that their unlimited potential may be supported in all their endeavors. Montessori materials are thus designed not only to give specific information to children, but also to foster higher level thinking skills, independence, competence and self-confidence.

Dr. Montessori called the mind of a young child "the absorbent mind" because of the unique aptitude for learning she observed in children. She demonstrated children's ability to read, write and calculate in the same natural way they learn to walk and talk. Dr. Montessori also saw that there are periods in children's development when they are drawn to and select materials that match their interest as their brain develops.

Children in a Montessori classroom are taught through their hands. To learn, there must be concentration. Children concentrate best by fixing their attention on a task they are performing with their hands. Towards this end, Montessori materials invite children to use their hands to learn. It is through exploration with the hands that the mind perceives and organizes information.

In Montessori education, the directress or guide prepares the environment, guides activities, presents lessons, and encourages the individual development of each child. However, it is the child who is self-motivated through the work itself thus readying him/her for specific tasks.

Children coming to the Montessori classroom for the first time begin with simple exercises all children enjoy. The materials they use help them to develop concentration, coordination and the necessary working habits for more advanced exercises in motor and sensory education, linguistic skills and mathematical concepts. Current brain research reinforces many of the discoveries Dr. Montessori made over 100 years ago!

A Montessori program is purposefully structured thereby giving children an early enthusiasm for learning, the key to their becoming a truly educated person and life-long learner.

When children leave a Montessori classroom they are well prepared to meet new challenges and experience life in a thoughtful and positive way.

....Montessori materials invite children to use their hands....

A Comparison of Montessori and Traditional Education

Montessori philosophy differs from traditional school in primarily four ways:

- Multi-aged classrooms that provide the opportunity for the young child to look to the older child for social and academic guidance. The older child in turn gains a sense of responsibility and a high level of self-esteem. The children remain in the same environment for three years which allows for a “family-like” experience for learners.
- Abstract ideas taught in a concrete way enabling the child to truly understand the concept.
- An individualized program for each child where children are treated as individuals, their strengths are capitalized, and “the whole child” approach is used.
- Students are nurtured in a positive, peaceful, respectful atmosphere where a strong sense of community is built.

Montessori Education

Three-year age span
Motivated by self-development
Self-correcting materials
Hands on learning manipulating objects
Individual learning
Teacher is observer & directress
Cycles of activity completed within child's time
Few interruptions
Freedom to move & work
Materials used in sequence with presentations
Work for joy and sense of discovery
Environment provides discipline
Encouraged to help each other
Child chooses materials
Child sets own pace
Emphasis on concrete
Reality oriented
Recognition of individual sensitive periods
Child free to discover alone
Carefully organized environment
Multi-sensory materials to develop specific skills
Self education through self correcting materials
Respect of child foremost
Development of the “whole” child

Traditional Education

All one age
Teacher motivated
Teacher corrects errors
Teacher lectures
Group learning
Teacher is focal point & dominant influence
Activity cycles determined by set time
Frequent interruptions
Assigned specific class periods
Materials used with no prior instruction
Work because they are expected to
Teacher provides discipline
Seek help from teacher
Teacher sets curriculum
Teacher sets pace
Emphasis on abstract
Much role-playing and fantasy
All children treated alike
Teacher continuously guides child
Materials placed at random
Play materials for non-specific skills
Use of reward and punishment in motivation
Community needs take precedence
Primary focus on academics

Toddler Program (18 Months to 35 Months)

Our Toddler Program provides a safe, loving, calm and nurturing environment where these young children can explore their new surroundings. They are provided consistent routines from trained Montessori Teachers.

- **Language Development**
 - * Listening to stories
 - * Learning songs and poems
 - * Music
- **Building Independence and Practical Life Skills through Real Life Experiences**
 - * Learning to feed themselves
 - * Pouring and dumping
 - * Drinking from a cup
 - * Food preparation
 - * Cleaning up their own area
 - * Washing a table
 - * Rolling up their mats
 - * Sweeping
 - * Toilet Training
- **Movement**
 - * Jumping, crawling, skipping, climbing
 - * Dance
- **Lessons to enhance Motor**
 - * Knobbed Cylinders
 - * Puzzles
 - * Stacking
 - * Art
- **Developing Social Skills**

Practical Life Skills

Motor Skills

Sensory Learning

Food Preparation

Preschool - Kindergarten Curriculum (3-6 years of age)

The Preschool - Kindergarten Program is a nurturing and stimulating environment for children ages 3 – 6 that promotes developmentally appropriate opportunities for learning and personal growth. Order, coordination, concentration, and independence form the cornerstone goals of this program. Children thrive in an environment that provides the modeling behavior of older children, space for movement, and hands-on learning materials.

Social Development

Grace and courtesy lessons are very important at this stage in a child's development, as they are learning to function in a social environment.

Respecting rights and property of others
Resolving conflict appropriately
Communicating freely with peers
Initiating interaction with peers

Social grace and manners
Expressing feelings verbally
Relating well with peers and adults

Emotional Growth

These years nurture the growth of children's independence, self-esteem, and self-discipline while introducing children to the basics of academics.

Accepting new situations
Welcoming changes
Independence & self-direction
Developing positive self image, self confidence

Exhibiting self control
Handling stressful situations
Positive attitude encouraged

Cooperation
Inner maturation

Work Habits

Initiating own work
Welcoming new challenges
Improving memory retention
Developing decision making skills
Learning to work without disturbing others

Respecting materials
Observing carefully
Increasing attention span
Choosing challenging work

Expressing joy in discovery
Exhibiting good concentration
Persisting at a task
Completing work cycle

Choosing challenging work!

Joy in discovery!

Good concentration skills!

Preschool - Kindergarten (Cont.)

Practical Life

Children learn real-work skills including care of the environment such as watering plants, care of self such as learning to tie shoelaces, and care of others such as serving snacks.

- Control of movements
- Recognize and respond to orderliness
- Independently care for environment and self
- Improve eye-hand coordination

- Correctly use manipulative materials
- Large and small muscle growth
- Rhythmical movement with music

Sensorial

Children learn to organize their environment, through their senses, for example, sorting sounds into categories of loud or soft.

Visual discrimination
Auditory discrimination

Tactile discrimination
Gustatory discrimination

Olfactory discrimination

The Montessori environment allows teachers to provide one-on-one assistance.

Geography

Children learn about maps, the calendar and clocks, and right and left.

Geography of the body: left and right
Recognizes land and water forms
United States
Direction
Awareness of self and others

Globe
Oceans
Foreign maps
Days of the week
Calendar

World map - continents
North America
Flags: US and foreign
Months of the year
Clock

Student learns about the states.

Preschool - Kindergarten (Cont.)

Language

Children learn the phonetic sounds that go with the letter symbols so they can later group letters together, make words, and read.

Nomenclature
 Expression of thought
 Interest in books and stories
 Rhyming
 Phonetic alphabet and sounds

Readiness
 Group discussion
 Correct pronunciation
Initial and final consonants
 Reading: words, sentences, phonograms, beginning reader books

Vowels
 Sequencing
 Matching
 Opposites

Writing: pencil grip, control of pencil, forms letters correctly, writes first and last name, write phonetic words, writes sentences and stories.

Spelling with movable alphabet
 Children's literature
 Spanish

Metal inset work
 Poetry

Math

Children learn that number symbols have a quantitative meaning.
 They learn in concrete ways what it means to add on a group of something to another.

Understands quantity
 Counts objects to 9
 Linear counting to 100, 1000
 Odd and even
 Money
 Decimal system work - understanding place value
 Addition, subtraction, multiplication, division

Recognizes numerals 0-9
 Teen work
 Skip counting
 Fractions
 Exchanging

The Montessori Math Curriculum is the most advanced program available today for young children.

Science

Children learn about the care and nurturing of animals and plants.

Study of: living & nonliving
 Nutrition, food groups
 Magnets
 Rocks and minerals
 Weather, atmosphere
 Animals, zoology
 Health
 Classification of vertebrates (5 classes) and invertebrates

Plants, botany
 Solar system
 Experiment
 Seashells
 Earth science
 Three forms of water

Lower Elementary Academic Program (ages 6-9)

3-Year Curriculum

The Lower Elementary Program, for children ages 6 - 9 (grades 1, 2, and 3), is centered on reason, relationships and community. These children work together and make choices. Self-confidence is enhanced with new challenges and, in collaboration with the teacher, multiple levels of learning take place, maximizing the individual potential of each child. Each child works at their own rate and pace. Homework begins in lower elementary with reading, math and language arts and the primary goal of homework in our elementary program is to establish a habit of setting aside time for intellectual pursuits. (Homework varies per level.)

Language

Children learn to read with proficiency
Correct expression
Simple nomenclature, sight reading
Sentence analysis

Alphabet sounds
Punctuation
Grammar boxes
Research

Long vowels and phonograms
Synonyms, homonyms, antonyms
Prefixes, suffixes and root words

Skill development:
Coordination for print letters
Building long vowel words
Phonetic reading parts of speech
Summary and book reports

Cursive handwriting
Use of the dictionary
Spelling and dictation

Sounding out short vowel words
Reading comprehension
Creative writing and composition

Mathematics

Children develop a solid understanding of basic math functions, going from concrete understanding to abstract understanding.

Static addition, multiplication, subtraction, division with golden beads
Dynamic addition, multiplication, subtraction, division with golden beads
Memorization of addition, multiplication, subtraction, division combinations
Simple and complex operations with fractions
Power with beads, squares and cubes
Long additions with carrying
Complex operations with fractions
Concept of divisor
Fraction equivalents
Concept of square root
Lowest common multiplier
Money and Time
Estimation

Algebra
Products of binomials
Multiples and divisors with pegs
Long division
Fraction equivalents
Large subtractions
Concepts of multiple
Highest common divisor
Binomial operations
Word problems/problem solving
Measurements

Lower Elementary (Cont.)

Lower Elementary Geometry

First series of construct triangles
Types of angles with box of sticks
Polygons with the box of sticks

The geometry cabinet
Sensorial work with areas
The Montessori protractor

Types of lines with box of sticks
Complete classification of triangles
Second series of constructive triangles

The classified nomenclatures of geometry:
Identification of geometric shapes
Classification of triangles
Study of equivalence
Computation of area

Classification of lines
Measuring angles
Study of similarity

Classification of angles
Nomenclature of the polygons
Study of congruency

Teachers also present small group lessons and line time activities.

Science

Botany nomenclature
Animal classification
Classification of animals
Chemistry

Zoology nomenclature
Classification of rocks
Science experiments

Invertebrates and vertebrates
Classification of plants
Atomic structure

Presenting Science Projects

Social Studies

Classified nomenclature of geography
The history of the needs of man
Timeline of development of life
History of development of life and man
History of one's country

Capitals
Flags
Countries
Civic responsibilities

Puzzle maps: study of countries
The charts: fundamental needs of man
Memorization of maps of continents
Puzzle maps: flags and capitals

Research topics include many important figures in American and World history.

Upper Elementary Academic Program (9-12 years of age)

3-Year Curriculum

The Upper Elementary Program, for children ages 9 - 12, (grades 4,5, and 6), continues to center on reason, relationships and community and refine these skills that began in Lower Elementary. These children work together and make choices. Self-confidence is enhanced with new challenges and, in collaboration with the teacher, multiple levels of learning take place, maximizing the individual potential of each child. Each child works at their own rate and pace.

Language

Exercises of logical agreement
Sentence analysis
Dictionary skills
Spelling
Reading

Word Study
Skill development:

Questa Middle School Curriculum (11-14 years of age)

Grades 6, 7, 8

Middle School Philosophy

Questa Middle School, for children ages 11 - 14, is a Montessori school founded on the following knowledge:

- the known developmental needs of the early adolescent,
- Montessori philosophy,
- current research, and
- the latest theories of learning and human development.

The name Questa comes from the French language and means *forever seeking*. Our goals are to have knowledge, the joy of life, the love of learning, and every aspect of personal development be the guiding forces of this community of life-long learners. We strive to be forever seeking these principles.

Mission Statement

Questa's mission statement is to provide a developmentally responsive, safe, positive, and respectful learning environment that is empowering to the early adolescent. We work toward developing the whole person while encouraging the students to recognize their unique, individual gifts and talents. This environment provides extensive opportunities to promote an intellectually and spiritually reflective person, a well-rounded, harmonious, ethical, and caring individual to whom meaningful, constructive work is of utmost importance in becoming a vital and contributing member of our local and global community.

Admissions Policy

Questa Middle School admits students of any race, sex, religion, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the school. Questa Middle School does not discriminate on the basis of race, sex, religion, national and ethnic origin in administration of its educational policies, admissions policies, scholarship and loan programs, and athletic and other school administered programs.

Middle School Structure

Multi-age groupings of 11-14 years

Peer and cross-age teaching

Large blocks of learning time

Developmentally appropriate class size

A core teaching team of Montessori teachers with additional specialists as resources

Developmentally-responsive curriculum

Learner-centered environment

Parent-teacher-student partnerships

Trained teachers specializing in early adolescents

Multi-aged groupings of 11-14 year olds allow for cross-age teaching.

Questa Middle School courses of study reflect an integration of the following elements:

- | | |
|---------------------------------------------------------------------|-----------------------------------------|
| Florida State standards | The Montessori Philosophy |
| The newest research on the developmental needs of early adolescents | Organizational and study skills |
| Interdisciplinary themes | Whole group community experience |
| Small group cooperative learning | Social interaction with peers |
| Mastery learning, coaching and exploratory activities | Personal learning plans |
| Exploratory and enrichment experiences | "Learning how to learn" strategies |
| School and community service projects | Diverse whole brain learning activities |
| Activities to foster interdependence | |
| Small businesses and activities for learning economic independence | |

The curriculum and instruction is designed as a 3-year program.

- * The language arts, speech, foreign language, physical education and health, outdoor education/service learning, fine arts, and geography are courses of continuous progress.
- * Science, social studies, and math are designated by topics of study complete in each course.

A complete curriculum summary can be found in the middle school handbook.

These students participate in many electives, such as: newspaper, yearbook, music, band, and art.

Computer technology

Meaningful and challenging work.

Middle school provides opportunities for scientific studies. Activities that value all eight types of intelligence.

Curriculum and Instruction

The Early Adolescent is:

- An active, self-directed learner
- A vital member of the class, school, city, and global community
- A vital member of the teacher-student-parent team
- Responsible for keeping commitments, being honest & respectful

Democratic Classroom.

In middle school, students participate in daily community meetings.

Pinnacle Award Winners

Middle school students receive the Pinnacle Award sponsored by the Broward County Association of Non-Public Schools. Students are selected for this award based on their community involvement, academics, leadership, contributions to their school and their interaction with their peers.

Members of the National Junior Honor Society

Students gain recognition for their leadership, academic achievements, community service, and character.

Working Towards a Peaceful Future - Peace Curriculum

Middle school students meet with one of the heroic firefighter survivors of 9/11. They learn first hand what happened on that tragic day in 2001; how the buildings collapsed and how they survived. They express their feelings of how they can help to keep peace in the world.

We honor all those who survived or died on that heartbreaking day.

Enriched Curriculum Programs

Preschool through 8th Grade

~ Foreign Language and Culture ~

Summit-Questa has a Spanish Curriculum throughout the grades. German is offered as an after school special. Exploration and appreciation of other cultures — History — Time lines.

Appreciation
 Visual and auditory recognition of instruments
 Introduction to classical music and composers
 School band (depending on level and age)
 Instrumental lessons

~ Music ~

Vocabulary
 Melody and rhythm
 Singing
 Private lessons available after school

~ Art ~

Students use a variety of techniques and materials to express themselves: Appreciation, drawing, painting, clay, collage, cutting, tracing, creativity—imagination, joy in art expression, study of classical art and artists, vocabulary, stamping, pasting, gluing and sculpturing.

Introduction to and refinement of skills
 Vocabulary

Appreciation
 Study of artists and styles

Using nature as inspiration

Joy in Art Expression

Study of Artists and styles

Enriched Curriculum Programs (Cont.)

~ Peace Scholar Program ~

The Summit-Questa Montessori Peace Scholar Program is designed to help all students become peacemakers. From preschool through middle school, the Program is planned to teach students peacemaking skills through literature, writing, history, music, games, art, and activities.

The basic principles taught in this Peace Education Program are:

Community Building	Understanding and Resolving Conflict
Role of Perception	Anger and Other Emotions
Rules for Fighting Fair	Rules for Care
Effective Communication	

~ Benefits of a “Peace Educated” School Community ~

- Safer school environment
 - ◊Greater tolerance
 - ◊Less hostility
 - ◊Positive, supportive atmosphere
- Promote student responsibility
- Cultivate positive self-esteem
- Build decision-making skills
- Less need for administrative discipline
 - ◊Students learn to mediate conflict with appropriate outcomes
- Fewer interruptions and distractions in class giving teachers more efficient use of instructional time
- Children become more respectful and responsible
- More sharing and cooperation/less rivalry

~ Behavior, Attitude, and Social Interaction ~

Follows directions
Attention span: development of increased focus
Positive response to requests
Works without disturbing others
Chooses challenging work
Takes responsibility for behavior and work
Works independently

Moves with purpose
Completes work cycle
Works for own enjoyment
Sense of community
Neatness and order
Respectful of environment
Respectful of materials

~ Student Support System ~

Since the Montessori philosophy embraces diversity and a wide range of learning abilities, our program has been enhanced to accommodate students with specific learning styles and academic needs. Whether a student requires (a) Temporary support, (b) Extended support or (c) Permanent support, our program is designed to provide (1) additional tutoring (private or semi-private), (2) specialized programming or (3) individualized planning, to help those who need to adapt to a new school environment or to vital programming.

THE FUTURE OF SUMMIT-QUESTA STUDENTS

Research indicates that in more than 120 countries, graduating Montessori students are becoming innovative leaders, creative designers, major achievers and caring, environmentally friendly citizens.

Maybe your child will be the next Montessori student to be added to the following list of outstanding people who attended Montessori schools:

- | | |
|-------------------|----------------------------------------------|
| •Bill Gates | Founder of Microsoft |
| •Jeff Bezos | Founder of Amazon.com |
| •Larry Page | Co-founder of Google.com |
| •Sergey Brin | Co-founder of Google.com |
| •Will Wright | Original designer of SimCity |
| •George Clooney | Academy Award Winner |
| •Jimmy Wales | Founder of Wikipedia |
| •Katherine Graham | Former owner & editor of the Washington Post |
| •Julia Child | Famous Chef, TV cooking star |
| •Helen Hunt | Academy Award Winning Actress |

To name a few

Fact: During his term of office, President Woodrow Wilson had a Montessori classroom installed in the basement of the White House for his staff to send their children to. President Wilson's daughter, Margaret, was a trained Montessori teacher. Additionally, Margaret was on the committee that brought Dr. Montessori to the US in 1915.

Fact: Alexander Graham Bell and his wife founded the Montessori Educational Association. Other strong American supporters were Thomas Edison and Helen Keller.

The following famous people sent their children to a Montessori School. Why not join them?

- | | |
|--------------------------------------|------------------------------------------------------|
| •Bill and Hillary Clinton | Former President |
| •Cher Bono | Singer/Actress |
| •John Bradshaw | Psychologist and Author |
| •Michael Douglas | Actor |
| •Patty Duke Astin | Actress |
| •Shari Lewis | Puppeteer |
| •Yul Brynner | Actor |
| •Willie Nelson | Musician |
| •Stephen Cannell | TV writer-producer-director (Rockford Files) |
| •Jimmy Page (here at SQMS) | Led Zeppelin - composer - guitarist |
| •Jerry Lewis (here at SQMS) | Comedian, actor, writer, director, charity telethons |

To name a few

**Montessori is not just an education!
Montessori students are prepared for life!!**

Our Graduates

Our graduates are accepted at the finest high schools, such as:

St. Thomas Aquinas High School
Cardinal Gibbons High School
International Baccalaureate Programs
Archbishop McCarthy High School

American Heritage School
Chaminade-Madonna
Nova Southeastern University School
South Plantation Environmental Science Magnet

Many of our students score high enough on standardized testing and the high school entrance exam that they are placed in honor classes or advanced placement classes.

Our middle school program was specifically designed to appropriately prepare students for the challenge of high school and college. Our graduates are confident and involved in many different types of programs, such as:

High School Band
High School Debate
High School Football Team
High School Track Team
High School Soccer Team
Coach's Award
Student Government
Community Service throughout the County
National Merit Semi-Finalists

High School Baseball * Softball Team
High School Drama Club
High School Swim * Water Polo Team
High School Volleyball Team
Model United Nations
Paladin Society
National Spanish Honor Society
National Honor Society
National Leadership Programs

Our Graduates' Path after High School

Our graduates are accepted into some of the finest colleges and universities in the country including:

University of Miami School of Law

Harvard Law ° Boston University

Emory University ° St. John's College

University of Florida (UF) ° Massachusetts Institute of Technology (MIT)

University of Central Florida (UCF)

Florida State University (FSU)

University of Tampa ° Stetson University

Most are recipients of the Bright Future Award.

Most are on the Dean's List.

Most are members of the National Society of Collegiate Scholars.

Majoring in Journalism, Business Management, Entrepreneurship, Law, Veterinary Medicine, to name a few.

Some continue playing sports in college and make it to the pro level.

Some of our graduates come back to work for us over the summer or become a full-time faculty member.

Some of our graduates help out by being field trip chaperones.

The majority of our graduates are well-rounded, confident, successful and happy.

Admissions Information

Summit-Questa Montessori School's Program is not designed for children who have specific difficulties i.e. learning difficulties, medical needs, emotional needs, emotional issues or psychological problems, nor are our teachers trained in these areas. For this reason, we are not always able to meet the needs of every child.

Diverse Community

Summit-Questa Montessori School is a diverse school community that does not discriminate against any person because of race, sex, religion, national or ethnic origin in administration of its educational policies, admissions policies, scholarship programs, athletics and other school administered programs.

Policy

It is our policy to admit students with characteristics needed for success and happiness at Summit-Questa Montessori School. Our admissions procedures are designed to recognize those characteristics. We welcome students who need a well-rounded Montessori school program and who want to be involved in school activities for the joy of participation.

Evaluation

We evaluate students by observation and interviews and, before accepting for admission, reserve the right to evaluate for academic aptitude and behavioral readiness. We accept students with a variety of academic levels. However, we cannot serve students with behavioral problems.

Our Montessori philosophy is to enroll students whose needs we can meet. In some cases, it can take a newly enrolled student up to four to six weeks to perform where he or she should be operating as a successful member of the community. If the student is not meeting his or her academic level and still cannot function independently in the classroom after the initial transition period, then the following procedures will be required:

- ⇒ Parents/Guardians agree to further testing for assessment to determine what the parents and the staff can do to help the student.
- ⇒ Based on the results of the assessment test and the student's performance in the classroom, the parents agree to in-house tutoring. Parents assume the financial responsibility for the tutoring (tutoring is not included in the tuition).
- ⇒ If staying on task is an issue for the student, the student may require a shadow. Parents agree to assume the financial responsibility for the shadow.
- ⇒ If none of the above procedures work, parents and teachers may come to the conclusion that our Montessori environment is not beneficial for their student.

Procedure

Before a student is accepted for admission to Summit-Questa Montessori School, the admissions committee evaluates all the application information. The parents or legal guardians are required to complete the following steps:

1. Schedule a tour and conference with a school representative.
2. Request and submit an *Application for Admissions* form and pay the application fee.
3. Take the *Confidential Recommendation Form* (available from Summit-Questa) to your child's last school. The school, not the parents, must return this form.
4. Schedule a visitation for your child (not applicable for preschool students).
5. Once the classroom visitation is completed and the recommendation form is returned, our admissions committee will determine acceptance.
6. Complete the appropriate registration and enrollment forms. (Available from the school office.) Get health forms from your child's doctor for the school.
7. Pay the appropriate registration and tuition fees, which are available from the school office.
8. If applicable, have child's past school submit academic records to Summit-Questa. A *Request for Records* form is available from Summit-Questa.
9. If accepted, become familiar with the school's philosophy by attending a Montessori lecture appropriate to the age of the child.

Questions Welcome

We welcome your interest and encourage you to visit the school. Please schedule a tour and/or observation and direct any questions through the school office.

SQMS 2019-2020 TUITION

2019-2020 Toddler Extended Program

**For the 2019-2020 school year, the Toddler Program will begin on August 19, 2019 and end on July 31, 2020.
See the Toddler Calendar for weeks closed (tentatively June 8-12, 2020, July 2-3 and
August 3-7, 2020) during the summer for staff vacation and building maintenance.**

2019-2020 SUMMIT-QUESTA ADDITIONAL

1. Application Fee – \$200.00- **Nonrefundable**, due with completed application.
2. Registration/Book Fee – \$750.00 - **Nonrefundable**, due upon enrollment.
3. Tuition Deposit – \$850.00 – **Nonrefundable**, due upon enrollment and deducted from your annual tuition.
4. Annual Activity Fee - \$275.00 due August 1, 2019. The Activity Fee covers the cost of holiday events for the children i.e. Thanksgiving Feast (the feast fee includes the student’s parents, siblings, sibling’s spouse and grandparents)- \$15.00 per person for additional people attending (i.e. aunts, uncles, friends, cousins, etc.), Spring Show (including parents, siblings and grandparents), Yearbook Fee (one copy per student; each additional book \$65.00), with the remaining balance going to other holiday and special events held on campus. **FUND RAISERS ARE NOT INCLUDED IN THIS FEE.**
5. Student Program Fee – A campus facility fee used to offset costs associated with music/fine arts/playgrounds/pool/fields, gymnasium and security/communication expenses. In today’s environment, we have found it necessary to reallocate additional funds to maintain armed police patrol for a minimum of 4 ½ hours per day along with an EMT security guard 10 hours per day. An additional increase to the Student Program Fee has been added to improve all our security processes ranging from staff training, communications within the campus and with parents, additional cameras and software, and research to redesign our entrance and front entrance security access gate. We recently purchased a biometric fingerprint student pick up system. This system was just activated in our early childhood aftercare pick up process and we are evaluating its level of success before expanding it to other areas of the school. For the 2019-2020 school year the Student Program fee is incurring a larger increase than normal due to the cost involved in improving our security procedures. The middle school program fee received an additional minor increase to aid in the continued advancement of their new Experiential Learning Program which takes place on and off campus. The fee structure is as follows: **Toddler \$75.00; Early Childhood \$215.00; Kindergarten \$225.00; Lower \$320.00; Upper \$375.00; Middle \$395.00.**
6. Chromebook (grades 6-8): Due July 1— Range \$400.00 (first year of middle school); Year 2 & 3 (cost of insurance, program renewal, repairs).
7. Volunteer Hours – Parents may choose from the following: Option 1 - complete a minimum of 10 service hours or Option 2 - pay \$275.00 in lieu of fulfilling their required service hours.
8. Field Trip Fees – The cost of the field trip fund will vary per class level. Students do not go on field trips until Kindergarten. Please note that these are approximate costs and may change slightly. Field trips include day trips, overnight trips, extended Upper and Middle trips and the Ropes Course in Middle School. (Does not include Montessori Model United Nation Student Conferences.)

- Kindergarten	\$ 130.00	due July 1, 2019
- Lower Elementary (Grades 1 & 2)	\$ 190.00	due July 1, 2019
- Lower Elementary (Grade 3)	\$ 200.00	due July 1, 2019
--Upper Elementary (Grades 4 , 5 & 6)	\$ 720.00	\$360.00 due July 1; \$360 November 1
--Middle School (Grades 6, 7)	\$1,600.00	\$800.00 due July 1; \$800.00 November 1
--Middle School (Grade 8)	\$1,900.00	\$950.00 due July 1; \$950.00 November 1
9. Graduation Fee - Kindergarten—\$60.00; 8th Grade Graduates—\$175.00 – Due August 1st
10. Before Care - \$95.00 per month; \$8.00 per day; After Care (till 5:45 p.m.) \$250.00 per month; \$20 per day. Late pick-up fee per student: 6:01-6:15 p.m.— \$25.00 per student ; 6:16-6:30 p.m. — \$50.00 per student ; 6:31-6:45 p.m. — \$75.00. Students picked up after 6:00 on a regular basis will not be able to continue enrollment in the after school program. Adults authorized for pickup will use their fingerprint or their assigned ID to check their student out.
11. Bus Service—\$160.00 per month one-way; \$300.00 per month round trip. If not on the monthly plan, cost is \$12.00 per trip. Minimum of 8 students required for the bus service to operate.
12. After School Athletics— Soccer, Basketball, Volleyball, Swim, Track, Cross Country, etc. (extra fee—price varies per sporting activity).

SUMMIT-QUESTA 2019-2020 ENROLLMENT

THE FOLLOWING TUITION PAYMENT PLANS ARE AVAILABLE:

- 1) ANNUAL PAYMENT - 1.5% DISCOUNT FOR TUITION PAID IN FULL IN CASH ON OR BEFORE AUGUST 1. IF PAID BY CREDIT CARD, A 1% DISCOUNT WILL APPLY. This discount only applies if payment is received no later than August 1, 2019.
- 2) SEMI-ANNUAL PLAN - TUITION PAID IN TWO EQUAL PAYMENTS – AUGUST 1ST AND DECEMBER 1ST-- 1% DISCOUNT. This discount only applies if payments are received on time.
- 3) 9 MONTH PLAN – ANNUAL TUITION DIVIDED INTO 9 MONTHLY PAYMENTS BEGINNING ON AUGUST 1, 2019. Past due balances are subject to a \$50.00 late fee per student per month.
- 4) 10 MONTH PLAN - ANNUAL TUITION DIVIDED INTO 10 MONTHLY PAYMENTS BEGINNING AUGUST 1, 2019. Past due balances are subject to a \$50.00 late fee per student per month.
- 5) LATE FEE POLICY: *A \$50 late fee per student will be assessed for any tuition payment or school fees not paid within 15 days after the due date. An account that remains delinquent after 30 days will be assessed an **additional \$100.00**. If your tuition account is 45 days in arrears, you will be notified that your child/children will not be allowed to attend school until your account is paid.*

PLEASE NOTE THE FOLLOWING:

- TUITION INSURANCE - AS PART OF YOUR ANNUAL TUITION FEE, YOU WILL BE ENROLLED IN A TUITION REFUND PLAN. THIS PLAN WILL HELP YOU, THE PARENT OR GUARDIAN, MEET YOUR ANNUAL FINANCIAL OBLIGATION TO OUR SCHOOL IN THE EVENT YOUR CHILD MUST BE WITHDRAWN FROM THE SCHOOL DURING THE 2019-2020 SCHOOL YEAR. (Please see packet for more information).
- TUITION DOES NOT INCLUDE BEFORE CARE, AFTER CARE, AFTER SCHOOL PROGRAMS, SPECIAL ACTIVITIES, LUNCHESES, FIELD TRIPS, MODEL UN, WINTER VACATION CARE, SPRING VACATION CARE, SWIM TEAM, SPORTS TEAMS (including basketball, soccer, flag football, volleyball, track and cross country), SWIM LESSONS, TUTORING, EXTRA SUPPORT, SHADOWS, UNIFORMS, SHUTTLE BUS SERVICE AND OTHER SCHOOL EVENTS.
- CHECK OUR 2019/2020 SCHOOL CALENDAR FOR WINTER VACATION CARE AND SPRING VACATION CARE DATES. SPRING AND WINTER VACATION CARE WILL BE OFFERED (IF ENROLLMENT WARRANTS IT) AT THE COST OF \$45 PER DAY OR \$210 PER WEEK.
- ALWAYS CHECK WITH OFFICE FOR UPPER ELEMENTARY AND MIDDLE SCHOOL TRIPS BEFORE MAKING PERSONAL TRAVEL PLANS TO AVOID CONFLICTS.
- MONTHLY RATES: BEFORE CARE \$95, AFTER CARE \$250, BOTH \$345.00. FOR THOSE STUDENTS NOT ENROLLED IN THE MONTHLY PLAN, THE DAILY RATE FOR BEFORE CARE IS \$8 AND AFTER CARE IS \$20 PER DAY. BEFORE CARE BEGINS AT 7:00 A.M. AND AFTER CARE ENDS AT 5:45 P.M. THE BUILDINGS AND FRONT GATE CLOSE PROMPTLY AT 6:00 P.M. **LATE PICK-UP PENALTY FEE** WILL BE ASSESSED TO YOUR ACCOUNT AS FOLLOWS: 6:01-6:15 p.m. = \$25.00; 6:16-6:30 p.m. = \$50.00 and 6:31-6:45 p.m. = \$75.00. STUDENTS PICKED UP LATE ON A REGULAR BASIS WILL NOT BE ABLE TO CONTINUE ENROLLMENT IN THE AFTER SCHOOL PROGRAM.
- SHUTTLE BUS SERVICE: MONTHLY SERVICE 1-WAY \$160.00 AND 2-WAY \$300.00; IF NOT PAYING ON A MONTHLY BASIS, THE COST IS \$12.00 PER TRIP.
- BIRTH CERTIFICATES ARE REQUIRED AND MUST BE SUBMITTED WITH THE REGISTRATION FORMS.
- STUDENT PICK UP: ANYONE PICKING UP YOUR STUDENTS FROM SCHOOL MUST BE RECORDED IN YOUR STUDENT'S FILE ALONG WITH A COPY OF THEIR DRIVER'S LICENSE. Adults authorized for pickup will use their fingerprint or their assigned ID to sign their student out.
- ALL FAMILIES WILL RECEIVE AN ANNUAL ASSESSMENT WHEN A SPECIFIC SCHOOL NEED ARISES. THIS SCHOOL NEED AND COMMENCEMENT OF ASSESSMENT WILL BE DETERMINED BY THE SCHOOL ADMINISTRATION. FOR THE 2019-2020 SCHOOL YEAR, THERE WILL BE A CAP OF \$600.00 PER FAMILY.
- ALL FAMILIES ARE REQUIRED TO GIVE 10 HOURS OF VOLUNTEER SERVICE PER YEAR OR PAY \$275 (\$27.50 PER HOUR TIMES 10 HOURS). AT ENROLLMENT, YOUR ACCOUNT WILL BE CHARGED \$275.00. YOUR ACCOUNT WILL BE CREDITED \$27.50 PER HOUR FOR EVERY VOLUNTEER HOUR YOU COMPLETE UP TO \$275.00.
- IMMEDIATE FAMILY DISCOUNT (applies to tuition only): 2ND CHILD \$300.00; 3RD CHILD \$450.00, 4TH CHILD \$550.00.

REFUND POLICY

ALL FEES ARE NON-REFUNDABLE AND NON-TRANSFERABLE. UPON REGISTRATION, YOU ARE COMMITTING YOURSELF TO A ONE-YEAR CONTRACT FOR THE 2019-2020 SCHOOL YEAR.

****ASK ABOUT OUR AFTER SCHOOL SPECIALS, SPORTS AND OUR SUMMER CAMP PROGRAM****

Summit-Questa Mission Statement

Summit-Questa Montessori School is a community of educators, children, parents and extended family committed to the teaching principles and methods of Dr. Maria Montessori. The Montessori educational approach is based on respect for the individual child, respect for others, and respect for all forms of life.

The interrelationship among the child's physical, social, emotional, intellectual and spiritual development is basic to the Montessori education. At Summit-Questa students are encouraged to achieve their full potential through work and play, individually and in small groups. These experiences allow for critical thinking, problem solving and positive peer interaction.

Our mission is to provide an environment for all children to express themselves, explore all areas of development, experience the joy of discovery and mastery, and have a sense of community belonging. To achieve this mission, Summit-Questa has created a school atmosphere where children can respond to their natural drive to work and learn. Children may progress at their own pace and rhythm with guidance from specially trained teachers.

Through the integration of these principles, Summit-Questa has created a nurturing environment where children become lifelong learners who possess an enthusiasm for learning, a positive self image, and the ability to adapt to a readily changing technology as we enter the twenty-first century.

Middle School Mission Statement

Summit-Questa Middle School's mission statement is to provide a developmentally responsive, safe, positive, and respectful learning environment that is empowering to the early adolescent. We work toward developing the whole person while encouraging the students to recognize their unique, individual gifts and talents. This environment provides extensive opportunities to promote an intellectually and spiritually reflective person, a well-rounded, harmonious, ethical, and caring individual to whom meaningful, constructive work is of utmost importance in becoming a vital and contributing member of our local and global community.

Camp Summit~Questa...

like never before.

Summer Camp Ages 6-10

ATHLETICS:

- Basketball
- Softball
- Hockey
- Volleyball
- Soccer
- Flag-Football
- Swimming

ACTIVITIES:

- Mini-Olympics
- Karate
- Water Games
- Arts and Crafts
- Movie-Making

FIELD TRIPS:

- Museums
- Zoos
- Laser Tag
- Skating
- Bowling
- Movies
- And More!

SPECIALS:

- Swim Instruction
- Cooking
- Karate
- Ask about our specialty academic labs

Join us for an exciting summer camp experience. This year we will fully utilize our new gymnasium and pools with a very exciting sports program. Join us each week for development of a concentrated sport, art activities and specialized activities. Whether you are a beginner or novice player, we know there will be something for everyone.

Summer Montessori Enrichment Program

Prek 3 - Kindergarten

Improve your child's:

- ◆ Work Habits
- ◆ Interaction with Peers
- ◆ Communication Skills
- ◆ Self-confidence
- ◆ Independence
- ◆ Fine gross motor skills
- ◆ Sportsmanship
- ◆ & More

Academic Enrichment:

- ◆ Montessori Academics
- ◆ Montessori Math
- ◆ Language Arts
- ◆ Practical Life Lessons
- ◆ Art & Crafts
- ◆ Music & Dancing
- ◆ Dramatic Play
- ◆ Hands On Science
- ◆ Multi-cultural Activities

Have a Fun Summer

- ◆ Weekly gymnastics
- ◆ Water play
- ◆ Relay races
- ◆ Gardening
- ◆ Games
- ◆ Special Events & Visitors
- ◆ On campus sports
- ◆ On-site swim lessons (additional fee)

Advantages of joining us for a summer of Montessori Enrichment!

- Learn & have fun in a safe environment
- Montessori teacher instruction year round
- Student continues advancing at a regular pace
- Student won't forget lessons over the summer
- Special fun activities and events

Inquire in the office about our 2019 Summer VPK Program!

Congratulations Graduates!

Dear Alumni:

Hearing from my graduates brings back so many wonderful memories. I had the pleasure of watching you grow from young people into fine young men and women. As a community we laughed, cried, sighed, smiled and shared many memories as we studied, went on wonderful field trips and learned life skills. I am so proud to see the wonderful things you have accomplished and the outstanding citizens you have become.

With great affection,
Ms. Judy

Lacrosse; Track & Field
St. Anthony's Youth Group &
Fire Choir
University of North Florida
Major: Biomedical Sciences

Axel Lagru

SQMS Class of 2009
Chaminade-Madonna High School
Alonzo & Tracy Mourning Senior H.S.
College Prep and Honors Classes
Member of Key Club & Technology
Club
Florida International University

Phillip Reese

SQMS Class of 2007
Highland Hall Waldorf
School, CA
Santa Monica College
Member of Groundlings
Improv Group

Sigal Shemesh

SQMS Class of 2007
South Plantation High School
Flowery Branch H.S., GA (2011)
Lacrosse – 4 years
President of Mu Alpha Theta
(Math)

Megan Nichols

SQMS Class of 2006
Archbishop McCarthy H.S.
(2010)
Florida International University
Major – Public Relations &
Hospitality Management

Juliann Abecassis

SQMS Class of 2005
Western High School (2009)
Nova Southeastern Univ.
Honors Program – Major – Biology
State Certified Nursing Assistant
Goal: Albert Einstein College of
Medicine- Doctors without Borders

Paula Biegelsen (2005)

University School of Nova SE (2009)
Oxford College - Emory University
Oxford Dance Company
TPSL Program
VP of ReVision (Women's
Club) Goizueta Business School -
Marketing & Finance

Daniel Johnson

SQMS Class of 2004
Westlake Preparatory School
Allegheny College
Major – Managerial Economics &
Environmental Studies
Goal: Waste Management Industry

Sasha Formica (2004)

Cardinal Gibbons H.S. (2008)
Florida State University
Major – Family Child Sciences
Goal: Work with children to help
provide them with a nurturing,
balanced & challenging environment
that I found in my school

Aubrey Gregory

SQMS Class of 2004
Trenton High School (2008)
Santa Fe College
University of Florida
Major – Fine Arts & Advertising
Employer: Publix, Inc.

Michael McMullen

SQMS Class of 2002
St. Thomas Aquinas H.S. (2006)
Coaches Award – Athletic Award
Univ. of Central Florida (2010)
Univ. of Miami School of Law (2013)
Partner, Cohen & McMullen, PA

Chris McMullen

SQMS Class of 2001
St. Thomas Aquinas H.S. (2005)
Univ. of Central Florida (2009)
BS Finance; BS Real Estate
MBA, FAU 2019
Analytical Development Analyst

David Levine

SQMS Class of 1999
Pompano Beach H.S. (2003)
Univ. of Central Florida (2007)
Boston University Law (2010)
Associate at Law Offices of
John C. Rayson

Anna Biegelsen

SQMS Class of 1999
Nova Southeastern University High
School
St. John's University
Harvard Law

Vico Mosly

SQMS Class of 1998
South Broward H.S.
(class of 2002)
Broward College
American Military University
United States Air Force
Praia, Azores, Portugal

Summit-Questa Montessori School

PRE-ENROLLMENT TERMS & CONDITIONS

Dear Parents of Student Applicants:

Now that you have filled out your student’s application form and paid your application fee, you are ready to begin the **pre-enrollment procedures** listed below:

1. Schedule a *visitation* for your child (not applicable for Early Childhood students).
2. Take the *Confidential Recommendation Form* (available from Summit-Questa) to your child's last school. The school, not the parents, must return this form.
3. Sign the *Request for Records* form (due upon acceptance).
4. Copy of Parents and/or Guardian Driver’s License must be on file and a copy of your Student’s Birth Certificate must be submitted to Admissions before the student visitation.
5. Submit your student’s last two report cards, last standardized testing, any student educational, physical, behavioral and/or emotional evaluations and any other pertinent student information to the Admissions Office.
6. Once the classroom visitation is completed, student records have been received, and the recommendation forms are returned, our admissions committee will determine acceptance.

The collection of data is for admission purposes only; the screening procedures are not diagnostic nor I.Q. based. They will not be forwarded to any other school. All information will remain confidential.

Please remember Summit-Questa Montessori School’s program is not designed for children who have specific difficulties i.e. learning difficulties, medical needs, emotional needs, emotional issues or psychological problems, nor are our teachers trained in these areas. For this reason, we are not always able to meet the needs of every child.

At times parents have not informed the school of specific issues their child may have or the true depth of the child’s learning disabilities or emotional/psychological problems. Our goal is to help any child we are able to successfully help. However, the Montessori Program is not always suited for every student. **For this reason, any student who has not had previous Montessori experience, but who we feel would be a good candidate for our Montessori learning environment will be enrolled on a PROBATIONAL BASIS**. If the student is not meeting his or her academic level and still cannot function independently in the classroom after the initial transition period or if it is decided upon registration that more student support is needed, then the students will be entered into our student support system. (Student Support System Information is attached.)

If during this time period, the teachers and administration feel that this is not the best learning environment for your student, we will prorate your tuition payments and field trip deposit and return these funds to you.

Upon enrollment:

- Complete the appropriate registration and enrollment forms. (Available from the Admissions Office.)
- Submit completed up-to-date health forms from your child's doctor for the school.
- Become familiar with the school's philosophy by attending a Montessori lecture appropriate to the age of the child.

By signing below, you are acknowledging and agreeing to our *Pre-Enrollment Terms and Conditions*.

Student’s Name: _____

Parent’s Name (print): _____

Parent’s Signature: _____ Date _____

Summit-Questa Montessori School Student Support System

Our Montessori philosophy is to enroll students whose needs we can meet. Our program is not designed for children who have certain learning difficulties. Sometimes it is difficult for a student to adjust immediately into a new school environment. In some cases, it can take a student up to four to six weeks to perform academically to where he or she should be. If the student is not meeting his or her academic level and still cannot function independently in the classroom after the initial transaction period or if it is decided upon registration that more student support is needed, then the following procedures will be required. Students will be entered into our student support system which may include one or more of the following interventions. However, if a student enters our program with an IEP, or a diagnosed learning disability, then the Student Support Program and/or tutoring will be required.

- ❖ Parents/Guardians agree to further testing for assessment to determine what the parents and the staff can do to help the student.
- ❖ Based on the results of the assessment test and the student’s performance in the classroom, the parents agree to in-house tutoring. Parents assume the financial responsibility for the tutoring. (Tutoring is not included in the tuition.)
- ❖ If staying on task is an issue for the student, the student may require more one-on-one intervention, a low-ratio study period, after school tutorials, or a shadow. Parents agree to assume the financial responsibility for this intervention and/or shadow. These programs are not included in the tuition with the exception of 15 free after school tutorial classes per year in upper and middle school. If you attend more than 15 classes, you will be charged \$20 per additional tutorial class. Tutorials will be available and the classroom teachers will determine which students need to be in each class.
- ❖ If none of the above procedures work, parents and teachers may come to the conclusion that our Montessori environment is not beneficial for their student.

For students who are required upon registration to be enrolled in our Student Support System. The check mark indicates which program your child will be participating in.

- | | |
|-------------------------------------------------------------------------------------------|--------------------------------------------------------------------------|
| <input type="checkbox"/> Permanent low- ratio independent study period (1 period per day) | <input type="checkbox"/> Additional Cost - rates vary by specialty |
| <input type="checkbox"/> Temporary Support (rate may vary depending on need) | <input type="checkbox"/> Additional Cost - rates vary by specialty |
| <input type="checkbox"/> After School Tutorials (15 free tutorials per year) | <input type="checkbox"/> Additional Cost - \$20 per tutorial |

WE MUST BE DOING

The beauty of Montessori is that it is meant for every child. As a Montessori student your child will have the opportunity to develop the intellectual foundation and emotional confidence that will serve as secure stepping stones as he or she travels the path to becoming an adult. Not every Montessori student finds a global company, becomes a life saving surgeon or reaches millions through their writing, nor does Montessori equate success with notoriety. Montessori educators equate success to helping a child become a self-confident, emotionally secure global citizen who can competently and confidently address social or economic issues while achieving their life's goals. As a result of the Montessori approach to education, Montessori students are prepared for life, not just for a test.

Unlike traditional classroom settings, where all students face a blackboard and information is delivered to them as if they were empty vessels expected to be filled with the same information at the same time, Montessori enables students, under guidance from trained educators, to become enchanted by learning opportunities at his or her own pace, focusing first on the areas of knowledge that interest the student. Developing a love of learning, the student expands his or her horizons, seeking out new information on new areas of interest motivated by intrinsic curiosity. It is this guided nurturing at all grade levels, from early childhood through adolescence that is a core principal of Montessori.

Montessori classrooms are scientifically designed to help the student follow his or her search for knowledge while at the same time learning important social skills and knowledge of the larger world. This knowledge provides a foundation upon which the student will build throughout life. Montessori classrooms are multi-aged settings where the younger students learn from social examples set by the older students and from observing presentations of more advanced lessons. This gives the younger students a peer-role model, while at the same time the older students learn to develop leadership skills and understand the joy and responsibilities of mentoring. The Montessori classroom is in fact a microcosm of the worlds they will enter as youths and as adults.

Recent research on brain development at all stages of life supports the Montessori approach to education. In more than 120 countries, Montessori is graduating students who are destined to become leaders and achievers, as well as caring citizens of the world. We invite you to consider a Montessori education for your child. After all, with graduates like these, we must be doing something right.

"The Importance of Your Decision"

Choosing how your child will be educated, especially in the early, formative years can be the most important decision you make regarding your child's future. Research proves that the early childhood education your child receives will have a lifetime impact. The decision you make now will affect his or her emotional development and academic and social progress through adolescence, university and adulthood. Therefore, when considering a school, please be sure that you select the school that seems to be the "perfect fit" for your child. Sometimes a school that may be a little longer commute may be a "better fit" than one that is a few minutes closer. To help you decide, speak frankly with the Montessori school's Administrator or Registrar about your child's needs and your expectations. Armed with the facts, the Montessori Professional will be able to provide guidance in your selection of a school. The goal of all Montessori schools is to help ensure that your child and the school you select are "a perfect fit", creating the opportunity for your child's natural love of learning to blossom. When selecting a Montessori school for your child, be sure to inquire if all their classroom guides and instructors are Montessori trained and have received certificates of their course completion.

The Research Is In.....

Research has demonstrated the significant edge that a proper Montessori education provides to students:

- Cognitively through enhanced creative and critical thinking.
- Socially and emotionally through understanding oneself, one's talents and how to team.

SOMETHING RIGHT!!!

- Ethically, through developing a sense of respect and personal responsibility towards others and the environment.
- Executively through developing of planning, organization and logistics skill.
- Intellectually, through developing an understanding that “not getting something right” is not failure, but a learning opportunity

GRADUATES AND SUPPORTERS

Will Wright

- Original designer of the groundbreaking games SimCity, *The Sims* and *Spore*, Wright stated he had been inspired to create certain elements of SimCity from his experiences in his Montessori school. *“Montessori taught me the joy of discovery...It showed you can become interested in pretty complex theories, like Pythagorean theory, by playing with blocks. It’s all about learning on your terms, rather than a teacher explaining stuff to you. SimCity comes right out of Montessori—if you give people this model for building cities, they will abstract from it principles of urban design.”*

President Woodrow Wilson

- Woodrow Wilson, President of The United States of America had a Montessori classroom installed in the basement of the White House during his term of office for staff to send their children to and his daughter was trained as a Montessori teacher. Margaret Wilson was on the committee that brought Dr Montessori to the USA in 1915.

Katherine Graham

- Owner/Editor Washington Post
“The Montessori Method—learning by doing— became my stock in trade...” from Personal History by Katharine Graham

Gabriel Garcia Marquez

- Columbian Novelist, journalist and publisher
- Nobel prize winner in Literature 1982

Lea Salonga-Chien

- Tony Award-winning singer and actress who is best known for her portrayal of Kim in the musical Miss Saigon.

Joshua Bell

American Grammy Winning Violinist

Craig and Marc Kielburger

- Child rights advocates, best selling authors and leadership specialists

Craig -Nominated 3 times for Nobel Peace Prize

- Craig; Made a Member to the Order of Canada by the Governor General
- Founded Free the Children, the world’s largest network of children helping children, and co-founded Leaders Today a youth leadership training organization

Larry Page and Sergey Brin

When asked to what they attributed their success, they responded that it was their going to a Montessori school where they learned to be self directed and self starters. They said that Montessori education allowed them to learn to think for themselves and gave them freedom to pursue their own interests.
